FIBER SEATS

BANC-FID-1000

BANC-FID-1500

BANC-FID-2000

CHARACTERISTICS

Legs made of 1.5 mm thick steel and painted in microtextured polyester epoxy (Standard Gray RAL 7035 color).

DMF fiber seat and shoe rack:

- DMF (Medium Density Fibreboard): chipboard made of wood fibers bonded with synthetic resins by strong pressure and heat, dry, until reaching a medium density.

Rubber pads to avoid scratching the floor.

Great resistance.

Easy assembly.
